Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 37 is rejected under 35 U.S.C. 102(b) as being anticipated by Dall et al. (5,665,089).

With respect to claim 37, Dall et al. disclose a method for securing an object (200) to a bone, the method comprising providing a screw (38), a filament (64) and a suture retaining washer (136), the suture retaining washer comprising a structure having a screw hole (150) extending therethrough for receiving therein the shank of the bone screw deployed in the bone, as best seen in FIG.12, whereby to secure the structure to the bone, the screw hole defining a first axis, as best seen in FIG.13, and the structure having a filament hole (148) extending therethrough for receiving the filament (64) therein so as to retain the filament to the structure, the filament hole defining a second axis, as best seen in FIG.13, extending substantially perpendicular to the first axis, with the second axis being aligned with a bone screw (38) extending through the screw hole; securing the washer to the bone with the screw, with the filament extending through the filament hole; and using the filament to secure the object to the bone.

Response to Amendment

Applicant's arguments with respect to claim 37 have been considered but are moot in view of the new ground(s) of rejection.

Allowable Subject Matter

Claims 1-36,38-45 are allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
